

Allocation of NRoSO points

To enable us to accurately allocate points to an event, please note we need the relevant information with your application form.

For the integrity of the scheme, training events must contain pesticide-related content in order to be eligible for NRoSO CPD points. The content of training events should ideally include some or all of the following:

- Legislation
- Application Equipment
- Environment Safety (including flora, aquatic life and wildlife, air water soil protection in respect of crop protection)
- Occupational Health and Safety (in respect of pesticide use)
- Crop Protection Technology
- Plant Protection
- Integrated Crop Management
